..and we're still as enthusiastic as ever about what we do and how we do it.

Over the last decade East West have become leaders in providing innovative location based research to clients across the worlds of property, inward investment and the public sector. Much of our success is down to the demands of our clients.

For our 10th Anniversary we would like to express a big THANK YOU to all those involved.

For the future we look forward to forging more interesting relationships as we introduce a new stream of services. We cover all areas of the UK and hold unrivalled in-house expertise on how places really work as opposed to what data alone might tell you.
